From

Secretary to the Government of Madras,

To

The Honourable the Resident in Mysore,

B A N G A L O R E.

Dated Fort St. George, the 17th May 1928.

Sir,

Jails - Maintenance charges of Bangalore Civil and Military Station prisoners confined in the jails of this Presidency - Correspondence ending with this Government letter No.399 Law (General), dated the 9th February 1927 -

I am directed to say that the charges on account of the maintenance of prisoners transferred from the Civil and Military Station, Bangalore to the jails of this Presidency are recovered from the revenues of the Bangalore Assigned Tract with effect from 1st April 1926. The above charges are calculated at the rate shown in the last column of statement IX appended to the Jail Administration Report. The amount so calculated does not include the following indirect charges :-

(i) charges on account of the maintenance of jail buildings

(ii) pensionary charges of the jail establishment, and

(iii) increased cost on account of the maintenance of European and Anglo-Indian prisoners, if any.

The Governor in Council considers that these indirect charges also may be paid to the Government of Madras from the revenues of the Assigned Tract of Bangalore.

2. The average number of Bangalore prisoners confined in the jails of this Presidency is reported to be 60 and the

average

average number of European or Anglo-Indian prisoners may be taken as two. The prisoners appear to have been confined only in the following five jails during the last three years :-

Central Jail, Vellore

Trichinopoly

The Penitentiary, Madras

Central Jail, Salem and

Borstal School, Tanjore.

With reference to these facts, the probable amount of indirect charges under the three heads is worked out below :-

(i) Charges on account of the maintenance of jail buildings.- The total capital cost of the five jail buildings is Rs.22,10,235. Taking 5½ per cent of the capital cost as charges for the maintenance of the buildings, the proportionate amount recoverable on account of sixty Bangalore prisoners comes to Rs.1,280 a year (vide Appendix I).

(ii) Pensionary charges of the jail establishment.- The amount shown in column 4-A of statement IX appended to the Jail Administration Report shows the cost of the permanent establishments including leave allowances. Excluding the latter and taking 1/6th of the balance to represent the pensionary contribution, the proportionate amount recoverable under this head works out at Rs.345 (Vide appendix II).

(iii) Increased cost on account of the maintenance of European and Anglo-Indian prisoners.- As stated in paragraph 2 above the average number of this class of prisoners is two a year. The actual cost of maintenance of a European or Anglo-Indian prisoner at the Penitentiary, Madras, is estimated at Rs.262/10/0 a year. The average cost of maintenance of a prisoner in this jail is Rs.176-0-6 a year, according to column 14 of Statement IX appended to the Jail Administration Report for 1926 (copy enclosed). The difference between these two amounts represents the increased cost of maintenance of a European prisoner. The cost for two prisoners at this rate comes to Rs.173-3-0 a year.

The Secretary to the Hon'ble the

Sir,

G - S. N. 2 With reference to your memo No.5202, dated 31-5-1928, calling for my remarks on letter No.1759, dated 17-5-1928 of the Government of Madras, Law(General Department), on the question of additional charges for the maintenance of the Civil & Military Station prisoners confined in Madras Jails, I have the honour to state as follows:-

(51) P 2. It is seen from statement No.IX(Financial) printed as appendix to the Administration Report of the Jails of the Madras Presidency for 1926 that the following items comprise the actual maintenance charges now recovered by the Madras Government:-

	Central Jail, Vellore.	Central Jail, Trichi.	The penitentiary, Madras.	Central Jail, Salem.	Central Jail Tanjore.	Total.

It will be seen from the above that the charges that are taken into account to work out the cost of maintenance are sufficiently exhaustive. The inclusion of "indirect" charges, as proposed by the Madras Government does not, on the face of it, appear to be reasonable, but they are examined in some detail in the following paragraphs

3. (i)Charges on account of the Maintenance of Jail buildings - Rs.1280/- per annum.

(a) It is proposed to charge 5½% on Capital Cost for maintenance, and for the five prisons in which Bangalore prisoners are confined, the maintenance charges at this rate amount to Rs.1,21,563/-, whereas in para 80 of the Administration Report the total expenditure on all the Jail buildings in the Presidency during the year 1926 is given as only Rs.5,38,636/-. A great part of this was spent on original works like the purchase of the Alipuram Jail and the Tuberculous Jail at Bellary(the figures given as the cost of these buildings in the report are evidently wrong). The amount spent on maintenance is not separately available, but if we take the money spent by the jail department on petty construction & repairs as fully relating to upkeep & repairs the maintenance charges on all jail(excluding sub-jail) buildings would be only Rs.(47,596 — 16,618)or 30,978 even if the principle that we should pay a part of the

cost

cost of the repairs of the jail buildings be conceded, it seems therefore clearly necessary to call for the actual maintenance charges of the five jails concerned.

(b) It need scarcely be stated that the jail buildings have been primarily constructed to accommodate the - prisoners of the Madras Presidency, and any special - addition or alteration undertaken has been in the - interests of Madras & not in order to make room for - Bangalore prisoners. The cost of the maintenance of the Jail buildings would thus be the same whether Bangalore sent its prisoners to Madras or not.

Paragraph* 80 of the Report gives some insight into the kind of additions contemplated. The construction of quarantine cells at Trichinopoly, the construction of a Female Prison at Vellore, and the penitentiary remodelling scheme with an upto date press & quarters for the staff are such items. There are, again, accommodation for - lepers observation cells, isolation wards, a separate block for European incorrigibles, wells & other schemes for water supply &c., &c., on all of which considerable sums of money are spent. It is obviously not fair that Bangalore should be asked to pay any share of 5½% of such capital expenditure.

(c) The daily average number of prisoners is taken to arrive at the share payable by the Civil & Military - Station, but if any share is payable at all ~~only that~~ the total number of prisoners which the prisons have been constructed to accommodate and not the number they may actually hold in particular years should be taken.

The following is the total accommodation in the jails under consideration:-

	Total accommodation.	Average.
Vellore Central Jail.	2174	1525.99
Trichi "	2034	1477.50
The Penitentiary	1062	933.62
Central Jail, Salem.	1415	1398.93
Borstal School, Tanjore.	497	470.34
	7182	5806.38

The

6. iii Increased cost on account of the maintenance of European & Anglo-Indian prisoners; if any Rs.173/-

This appears to be a reasonable additional charge to Mysore Assigned Tract. But here again, the claim is based on the average number of European or Anglo-Indian prisoners sent to Madras jails during a period of three years. The average is stated to be 2, and the extra cost for each prisoner to be 86.96. Obviously, the actual additional charge in each year may be more reasonably debited to the Mysore Assigned Tract. In 1927-28, for example, there was no European or Anglo-Indian prisoner of Bangalore in Madras jails.

The Secretary to the Government of Madras,

Law (General) Department.

Dated Bangalore, 31st July 1928.

Subject.

Maintenance charges of the prisoners of the Civil and Military Station of Bangalore confined in the jails of the Madras Presidency.

Sir,

S.N. 1 With reference to your letter No.1759, dated the 17th May, 1928, I am directed to forward a copy of

S.N. 3. letter Ref. No. P.B.8-790, dated the 19th June, 1928, from the Pay and Accounts Officer, Bangalore, and to state as follows:-

(i) <u>Charges on account of the maintenance of jail buildings</u>.

After consulting the Pay and Accounts Officer and the District Magistrate, Civil and Military Station, Bangalore, the Resident is of opinion that these charges should be calculated on the actual maintenance costs of the five jails referred to, and that the share payable by the Civil and Military Station Administration should be worked out on the basis of the daily average number of prisoners. He further suggests in this regard that instead of taking the cost per head <u>every year</u> on the basis of the actual maintenance charges of that year, the average based on the actuals of the three preceding years may be adopted.

(ii) <u>Pensionary charges of jail establishment</u>.

The cost as worked out by the Pay & Accounts

Officer

3. Officer, in his letter referred to above, amounts to - Rs.290.94 and unless there is some error in his calculations the Resident would suggest that the charge on this account be fixed at this figure.

(iii) Increased cost of the maintenance of European and Anglo-Indian prisoners.

Vide P.Jr.3 para. 5.

The Resident agrees with the Pay and Accounts Officer that the actual additional charge in each year may be debited to the Assigned Tract revenues. I am however to request that the Madras Government will be so good as to allow a rebate for the cash earnings of the prisoners from the Civil and Military Station as is the practice in the case of the Mysore Government.

I have the honour to be,

Sir,

Your most obedient servant,

o/c

SECRETARY TO THE RESIDENT.

BJ

proposed in this Government's letter included 3½ per cent for interest and 2 per cent for repairs. In the case of buildings constructed after 1st January 1922, this charge would come to 8 per cent. This Government consider that, instead of the varying rates, it would be preferable to adopt the basis of fixing the rent for residential buildings viz. maximum of 6 per cent of the capital cost which will cover both interest and maintenance.

of SN. 3 (Para 3(c))

This Government however accept the suggestion made by the Pay and Accounts Officer, Bangalore, that the proportion of the charge payable by the Civil and Military Station should be calculate with reference to the total number of prisoners which the prisons have been constructed to accommodate and not the number they may actually hold in particular years. According to this calculation, the proportionate amount recoverable on account of sixty Bangalore prisoners on the basis of six per cent of capital cost comes to Rs.1121 a year.

× vide para 4 of SN. 3.

(ii) Pensionary charges of jail establishment:- It is suggested that the total number of prisoners which each jail is intended to accommodate and not the actual number of prisoners confined in it should be taken in arriving at the cost per prisoner. I am to say that the permanent establishment was sanctioned with reference to the average jail population, and not with reference to the population which the jail could accommodate. In the circumstances, the original figure of Rs.345/- per annum proposed by this Government may stand.

(iii) Increased cost of maintenance of European and Anglo-Indian prisoners:- This Government have no objection to the suggestion made, viz. that the actual additional charge in each year may be debited to the Assigned Tract Revenues.

2. This Government agree to the proposal that a rebate may be allowed for the cash earnings of the prisoners from the Civil and Military Station. It has been ascertained that the

total

of the indirect charges based on the actual number of prisoners sent from Bangalore have to be made. This Government are of opinion that it would perhaps be simpler if the following charge is added each year to the cost as arrived at on the basis of statement No.IX appended to the Jail Administration Report:-

(a) Indirect charges for each prisoner (457÷60 or 7½ per annum)

(b) Additional charge for each European or Anglo-Indian Prisoner (173 ÷ 2 or Rs.86½ per annum)

I am to suggest that, if there be no objection, the above course may be adopted.

I have the honour to be,

Sir,

Your most obedient servant,

for Secretary to Government.

I have no objection to the payment of the indirect charges of Rs.630/- per annum, as detailed in paras 1 to 4 of the Madras Government letter.

Sir,

With reference to your Memo No.11274/294-1928 dated the 7th December 1928, I have the honor to state that the present assessment of Rs.7/8/0 per annum for each prisoner and of an additional charge of Rs.86/8/0 per annum for each European or Anglo Indian prisoner (which gives for 60 prisoners including 1 Anglo Indian or European prisoner Rs.630/- per annum against the original assessment of Rs.1798/3/-) may be agreed to subject to the condition that the rates should be reviewed, and if necessary, refixed at the end of three years from 1st April 1928.

2. The sanction of the Government of India would be necessary to the agreement under Art.33A(1) and 2(c) of Civil Accounts Code Vol.I.

(iii) Increased cost on account of the maintenance of European and Anglo-Indian Prisoners.

As stated in paragraph 3 above, the average number of this class of prisoners is two a year. The actual cost of maintenance of a European or Anglo-Indian prisoner at the Penitentiary, Madras, is estimated at Rs.262-10-0 a year. The average cost of maintenance of a prisoner in this jail is Rs.176-0-6 a year, according to column 14 of statement IX appended to the Jail Administration Report for 1926 (copy enclosed). The difference between these two amounts - represents the increased cost of maintenance of a European

the Jails of that Presidency for the three years ending 1926-27 and that, to estimate the amount actually due to be recovered, detailed calculations of the indirect charges based on the actual number of prisoners sent from Bangalore would have to be made every year. They are of opinion that it would perhaps be simpler if the following charge were added each year to the cost, as arrived at on the basis of statement No. IX appended to the Jail Administration Report:-

(a) Indirect charges for each prisoner - 45'7 ÷ 60 or Rs.7½ per annum.

(b) Additional charge for each European or Anglo-Indian Prisoner. 173 ÷ 2 or Rs.86½ per annum.
